Profile

A distinguished technical developer with over four years of experience in designing and delivering integrated digital solutions for websites and e-commerce platforms, I am driven by a passion for excellence and a commitment to exceeding client expectations across the Middle East market. With a proven track record of leading high-performing technical teams and creating innovative tools that optimize performance and streamline business processes, I bring a unique blend of technical ingenuity and strategic vision. My ability to tackle complex challenges and deliver sustainable success with unparalleled professionalism positions me as an indispensable asset to any forward-thinking organization.

Professional Experience

2022

Egypt, Masnoura

Wordpress Developer

🌐 azzrk.com 🔗

As the Team Leader at Azzrk, I am responsible for overseeing the development and programming of e-commerce stores on various platforms such as WordPress, Shopify, OpenCart, Basket, and Zid. In addition, I specialize in creating and programming WordPress plugins and themes. In my role, I lead a team, ensuring effective coordination and project management. I provide guidance, support, and technical expertise to drive successful outcomes. As the Team Leader, I am committed to delivering high-quality results, optimizing functionality, and enhancing the visual appeal of e-commerce solutions.

2022 – 2022

Saudi Arabia

lecturer

DarbElmaged platform 🔗

I have prepared and explained a series of courses in collaboration with the Darb Al-Majd platform 🔗, aimed at teaching programming and e-commerce store development on multiple platforms such as Salla, 🔗 Zid 🔗, and Shopify 🔗.

2023 – 2024

Mansoura

Backend & WordPress Developer

Qaeed 🔗

I led the web development team, building and managing websites and e-commerce platforms using WordPress, Salla, Zid, OpenCart, and Magento. I crafted custom themes and plugins, enhancing functionality and user experience for clients across the Middle East. This role sharpened my skills in backend development, e-commerce solutions, and client-focused project delivery.

2025

Egypt, Mansoura

WordPress Developer (Team Leader)

Alarrap 🔗

As Team Lead at Al Arrap, a subsidiary of Doob Holding, I manage a team of four developers, overseeing the creation and development of high-quality websites and e-commerce platforms. I coordinate project workflows, ensure timely delivery of client-focused solutions, and leverage my technical expertise to drive innovation and performance. This role has strengthened my leadership, project management, and technical skills in a fast-paced digital environment.

2020 – 2023

Faculty of Special Education [!\[\]\(291e070cef6c4d5e78fefe4696ef53be_img.jpg\)](#)

I graduated with a very good grade from Mansoura University

Languages

Arabic

English

Basics

Side Projects

marrdoud

I created a website for Mardoud Company, which is a company located in Saudi Arabia, and its activity is marketing and providing solutions for Online stores

Developer of "php-Saudinew-currency" WordPress Code

Created an open-source PHP code to update the Saudi Riyal currency symbol in WordPress e-commerce platforms, aligning with the Saudi Central Bank's 2025 standard. This solution enhances store compliance and user experience, demonstrating my ability to deliver innovative, market-specific tools for the Middle East

Developer of "Telegram-Order-Notifier" WooCommerce Plugin

A WooCommerce plugin that allows you to track your customers' orders through notifications sent to you via Telegram. You can monitor order statuses—whether in progress, completed, or canceled—in a simple and easy way, eliminating the need to constantly check order-related emails or repeatedly refresh the orders page in the dashboard. This plugin saves you significant effort, especially if you have other tasks to manage.

warrqa

I created a website for Warqqa Marketing Agency, which is a company located in Saudi Arabia, and its activity is marketing and providing solutions for Online stores
